What do the experts think about us?

Logistics company, Honduras

°B | medical systems

Through these brief conversations, we try to understand what our customers think of us. Today we are going to Honduras in a Logistics company. Today we are going to Honduras to a logistics company dedicated to the distribution of biological products for the livestock sector. We meet one of the people in charge of logistics and administration.

1. **Could you explain the activities of your organization?** *The company offers the livestock industry integral solutions in prophylaxis and nutrition with preventive and curative programs that help improve the animals' quality of life.*

2. **Why do you need cold storage in your activities?** *This is necessary to maintain the cold chain of the vaccines being used, at ultra-low temperature, otherwise the vaccines could not be used.*

3. **Which products did you buy from B Medical Systems? For which purpose?** *We own a U501 Ultra-low freezer, Ultra-low freezer 602 litres and use them for the storage of biological product at ultra-low temperature.*

4. **What are the features/functionalities that you like the most? Could you please tell us about the performance of the equipment?**
   1. Real-time temperature monitoring
   2. Restricted access (via cards)

5. **How are you using B Medical Systems products and how do they benefit your institution?** *For storing biological products as it allows products to be kept in a state suitable for distribution.*

6. **Have you found in B Medical Systems a trustworthy partner?** *Yes, due to the support of the brand B Medical Systems and its distributor, we are satisfied as the equipment purchased fulfils what was needed.*

7. **How did you learn about B Medical Systems?** *Through the website.*

8. **How long have you been a customer of B Medical Systems?** *The equipment was purchased in 2023*

9. **Are you satisfied with our equipment?** *Yes, because you can monitor and control the temperature at all times from your mobile phone.*

10. **Would you recommend B Medical Systems?** *Absolutely*
